This position includes exploring engagement data collected from various websites, facebook, webinar, newsletters, twitter and will culminate in a set of insights and recommendations to improve social media engagement.

Benefits:

- Resume-building opportunity by being involved in RDI a centre of excellence
- Receive a Student Service Learning (SSL) Annotation on your transcript
- Team work – building communication and collaboration skills with seasoned rural researchers
- Feedback on your work, activities and projects

Requirements/Qualifications:

- An interest and/or experience in exploring rural issues, policy and development
- Comfort with or desire to enhance skills in analysing data
- Brandon University student
- Successful application to the Student Service Learning (SSL) Program

About RDI:

RDI operates as a not-for-profit research and development organization of Brandon University which promotes, facilitates, and conducts multi-disciplinary academic and applied research on rural, remote, and northern issues, opportunities and public policies.

About Student Service Learning:

The Student Service Learning Program encourages student volunteerism by recognizing students' community contributions on their Brandon University transcripts. Upon receiving approval from the Service Learning committee and completing a minimum of 20 hours of volunteer service, Brandon University students can receive a Service Learning Annotation (recognition statement) on their transcript.
