

## CAREERS AT SHELL

### Geosciences Opportunities, New Grad (less than 3 years experience) Calgary, Edmonton & Fort McMurray, Alberta

Whatever new technology the future holds, we'll need plenty of energy to power it. At Shell we're working on all sorts of ideas to meet the growing demand. Join a company that values diversity, and gives you the training, support and career choices to develop your potential.

We are currently seeking **recent and 2011 Geosciences Graduates** including Earth Sciences, Geology, Geophysics, and Physics for full-time employment at our Calgary, Edmonton & Fort McMurray locations.

At Shell, we are celebrating being named one of Canada's top 45 diversity employers and, for nine consecutive years, recognition as one of the country's 100 most-preferred employers. We are proud to employ a diverse mix of men and women of different nationalities and ethnic groups, orientations, backgrounds, abilities, and cultures. We value these differences and encourage the most talented individuals to apply for a career with Shell.

Recent graduates in Shell do real jobs from day one, making a contribution to the energy business right from the start. Graduates join the "DEVELOP" program, which is designed to provide the employee broad exposure to multiple aspects of the discipline in an environment over their first several years.

If you're currently studying for an undergraduate, Masters or PhD or if you have already graduated and have less than three years of work experience, you're a candidate for our graduate program. Shell Canada hires talented individuals from across the country. Relocation assistance is provided for successful candidates who require it.
