

PATIENT SAFETY AND IMPROVEMENT MANAGER

Sunrise Health Region has an opening for a **Permanent Full-Time Patient Safety and Improvement Manager** located in Yorkton, Saskatchewan.

Job Summary:

The Patient Safety and Improvement Manager is responsible for the development and coordination of projects to assist the organization in patient safety and improvement initiatives. The incumbent will serve in the client representative role as a liaison between consumers of health services and the organization's administration, staff, and physicians. The incumbent will be responsible for coordinating application of lean and releasing time to care across multiple value streams.

Qualifications/Experience:

- Baccalaureate or professional diploma in a health related field & appropriate professional licensure
- Training in lean methodology an asset
- Educational and administrative experience in managing projects and working with groups
- Minimum of five years in a health care discipline
- Two or more years experience in concern management, accreditation, patient safety, quality improvement, utilization and risk management
- Excellent written and verbal communication skills
- Excellent problem solving and analytical skills, conflict resolution, public and human relations management skills
- Knowledge of the health care system and continuum of service delivery
- Excellent computer skills including good working knowledge of word processing, spreadsheets, PowerPoint, and database computer programs
- Must be able to travel, possess a current driver's license and/or have access to travel at short notice

Hours of Work:

- As per Full-Time rotation

Salary and benefits in accordance with Out-of-Scope Compensation plan.

Our thanks is extended to all applicants, however; only those selected for an interview will be contacted.

Please submit your resume by **5:00 pm on October 5, 2011** to:
