

# ANTHROPOLOGY

Eligibility for the 4-Year honours program is contingent upon a 3.0 grade point average and written permission from the Department Chair. The four year honours program requires the completion of 12:499 Advanced Topics in Anthropology as well as an advanced methods course and an advanced theory course in the same discipline. Student must complete a minimum of 54 credit hours. Before the completion of their third year, students must consult with the Chair and the relevant faculty member regarding availability of 12:499.

Please note that while a student may choose to specialize in either socio-cultural anthropology, archaeology, or biological anthropology, some specific requirements for theory and methods courses are likely to be required, depending on which field the student selects.

## 4- year MAJOR (COMBINED HONOURS)

**42 Credit Hours**

The Combined Honours program can prepare students for graduate studies in Anthropology, but some institutions may require students with a Combined Honours degree to take supplementary undergraduate courses prior to admissions to an Anthropology M.A. program. Students thinking of graduate studies in Anthropology should consult with the Department before choosing the Combined Honours route. The recommended program for students intending to pursue graduate studies in archaeology and biological anthropology is the 54 credit hour Honours degree.

**Combined Major** - Students pursuing a combined major must take at least 42 credit hours in each of two subjects, with a minimum of 3.00 GPA in both majors, although individual programs may require more. Please see the appropriate combined subject listings in the calendar for specific requirements. Students must receive formal admission to the program from both of the Departments or Programs responsible for the combined major subjects. **Note:** no minor required.

Students pursuing the 4-Year (Combined Honours) Major in Anthropology must complete a minimum of **42 credit hours**. No Honours Thesis is required.
