

Office of International Activities (OIA)

The Office of International Activities (OIA) assists all international students at BU by providing assistance with transportation to and from the airport in Winnipeg, accommodation in residence, and health insurance coverage. The office hosts a specialized orientation program for incoming students to help them feel more at home while attending BU. The International Students' Organization provides social activities to allow international students to gain insight into Canadian culture. The OIA provides ongoing student advocacy and makes referrals to student advising, learning skills and personal and career counseling services available through Student Services. The English for Academic Purposes program provides instruction to students who need to improve their English language skills prior to studying in an English-speaking educational institution. For more information go to this website: <https://www.brandonu.ca/student-services/international/>. You may also contact their office at 204-727-7479.
