

# 2024

## ANNUAL REPORT

**CANADA'S FINEST REGIONAL UNIVERSITY**  
BE AGILE • BE COURAGEOUS • BE INCLUSIVE

## GREETINGS FROM THE ACTING BU PRESIDENT

The Brandon University Foundation Annual Report is a special publication. Within these pages you will find not only names and numbers, but more importantly touching stories that reveal the lives of the human beings that we support through our work. Each name on each list has behind it a story all its own. As I move into my fifth year at Brandon University I continue to see the incredible impact that donors have had throughout our institution, and this report makes evident how special our campus is to so many. Meeting alumni, donors, and friends is one of the great pleasures of attending community and university events, such as our annual donor luncheon and our fall Homecoming celebrations. These meetings are always filled with a true sense of pride and connection to BU.

Throughout this year, we have been celebrating our 125<sup>th</sup> anniversary. From humble roots, we have blossomed and thrived. Be proud of our progress and accomplishments! Brandon University now boasts 20 undergraduate degrees, six graduate programs, and 19 pre-professional programs of study. Faculty and students conduct outstanding research, and we connect our learners to future employers through an expanding

co-op program. Our students are exposed to opportunities that widen their horizons and open their minds to the world, through student exchanges and study abroad opportunities. Of course, community facilities like the newly named Gulliver Astronomical Observatory and the Lorne Watson Recital Hall are vital to the Westman region. And the bustling Healthy Living Centre is home to our Bobcats, including the 2025 National Men's Volleyball Champions!

Thanks to supporters like you, we can climb to even greater heights. In 2024, the Brandon University Foundation received more than \$1.8 million in donations and contributions. Thanks

to careful investments and thoughtful endowments, the impact of your support is magnified — the Foundation disbursed more than \$3.1 million back to Brandon University! Much of this support goes directly to students through scholarships and bursaries. Academic initiatives and research, Indigenous initiatives, buildings and equipment, library resources, and athletics also all benefitted from the generosity of people like you.

We are grateful to everyone who has supported Brandon University, through volunteering your time, attending events, being BU ambassadors, or through your financial support, big or small. The combined impact your actions have on a smaller institution like ours is profound. We also thank those who have included Brandon University in their planned gifts and acknowledge them as members of the A.E. McKenzie Legacy Society (page 10).

Our thanks to outgoing Brandon University Foundation President Tilda Fortier and the entire Foundation Board: they are a dedicated group of volunteers whose primary role is to ensure proper stewardship of your donations. We appreciate the expertise, experience, and professionalism they bring to the table. We are in good hands.

I know everyone reading this message recognizes the importance of education. As we look forward to our next 125 years, Brandon University's vibrant, welcoming, and progressive campus will continue to thrive as Canada's Finest Regional University.

Sincerely,

A handwritten signature in black ink that reads "Kofi Campbell".

**Dr. Kofi Campbell**  
Acting President and Vice-Chancellor  
Brandon University

# GREETINGS FROM THE BU FOUNDATION PRESIDENT

As Chair of the Brandon University Foundation Board of Directors, I am delighted to extend our deepest gratitude for your continued generosity and support. Your contributions have a transformative impact on our students, and it is heartening to see the enduring commitment from alumni, community members, and friends. This Annual Report is our opportunity to share the inspiring stories of how your gifts are making a difference, and I hope you find them as inspiring as I do.

Serving on the Foundation Board has given me a profound appreciation for the vibrant community at Brandon University. We are privileged to have BU nurturing a diverse array of talents, from musicians and artists to athletes, nurses, teachers, researchers, and business professionals. Our Co-operative Education Program remains a cornerstone, connecting these bright students with local organizations, fostering growth and development.

Brandon University is a hub of activity and events that enrich our community. This year, we celebrated a remarkable achievement as our men's volleyball team won the national championship, bringing the entire community together with excitement and pride. The victory showcased the dedication and talent of our athletes and highlighted the strong support from faculty, students, and community members.

The Brandon University Foundation continues to play a crucial role in

supporting the University, providing essential funds for scholarships, bursaries, research, infrastructure, and more. In 2024, we proudly disbursed more than \$3 million to BU, ensuring that our students receive the support they need to thrive.

Looking ahead, I am excited about several transformative projects that will depend on the ongoing support of our

community. Among the most ambitious is the potential establishment of a medical school in Brandon—an initiative that will not only address the critical healthcare needs of our region but also demonstrate the University's dedication to fulfilling the evolving demands of the community. The ongoing development of campus facilities and programs will ensure Brandon University continues to be recognized as Canada's finest regional university!

It has been a privilege to lead a dedicated and diverse group of individuals on the Brandon University Foundation, all united by a shared passion for the University and its mission.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tilda Fortier'.

**Tilda Fortier**  
**President**  
**Brandon University Foundation**

Alumni join students, faculty and staff to kick off BU's 125<sup>th</sup> anniversary during Homecoming Celebrations 2024

**Brandon University Foundation was incorporated in 1980 to promote the advancement of higher education at Brandon University and improve the quality of its facilities and activities. Since its inception, the BU Foundation has helped to raise and continues to steward more than \$80 million.**

# More than \$307,000 raised through Annual Fund Appeal

As we celebrate Brandon University's 125<sup>th</sup> anniversary, we reflect on our journey to becoming Canada's Finest Regional University. This journey is only possible through the steadfast generosity of our donors, alumni and friends. Together, we have built more than 40 advanced academic programs, remarkable student research opportunities, a competitive athletic program, empowering scholarship and bursary support, and so much more. Thanks to alumni and friends, \$307,047 was raised through the Annual Fund Appeal in 2024.

# Supporting Students

## Generations of giving

**With a combined 30 years of giving to BU, one family of BU alumni shows the power of consistency.**

It all started when Lana Bryant (née Harder) began studies at Brandon University straight out of high school in 1986. Her mother, Diane Harder, followed soon after, beginning part-time studies at BU in 1987 as a Registered Nurse in the Bachelor of Science in Nursing degree program. BU seemed like a good fit for Greg Bryant as well. Brandon-born, he grew up in Melita in southwestern Manitoba. Lana, his then-girlfriend, was already a student at BU, so, two years after completing high school, he started his studies at BU in the fall of 1988.

Lana and Greg both completed Bachelor of Science Degrees, in 1991 and 1993 respectively. Diane graduated shortly after with a Bachelor of Science in Nursing in 1994.

Diane firmly believes in the promotion of health, education and sports, and the two couples—Diane and her husband Burdette, and Lana and Greg (who married in 1997)—have consistently given back to BU. Their support has made an impact on numerous areas, including the Faculties of Science and Health Studies, Athletics, Men's Volleyball, the Student Emergency Fund, and the Department of Geography.

“Supporting BU is important to me because being a student here offered a very special experience...it was such a close, supportive community and a great place to learn and grow as a young adult. I am proud to give back,” says Lana.

“BU gave me the education and practical experiences to help prepare me for my career in environmental consulting. I'm happy to be able to support the university so that current and future students can realize the same experiences that I had plus so many more opportunities that are available to students today,” says Greg.

The family's ties to BU deepened when Greg and Lana's son, Chris Bryant, was recruited by the Bobcats and began his studies in 2020. Chris is enrolled in Physical Education and is a member of the national champion BU Bobcats men's volleyball team.

From left: Diane Harder '94, Greg Bryant '93, Chris' girlfriend and fellow BU student, Jaelyn Frykas, Chris Bryant, Burdette Harder, Lana Bryant '91

“Having Chris now attend BU is helping to keep that connection to both the university and the community of Brandon and southwestern Manitoba. We were so happy and proud of Chris when he decided that he wanted to attend BU to continue his education and play volleyball,” says Greg.

Chris, who plans to graduate in 2026, says “it's very cool to be a third-generation Brandon University student. The family connection made my decision to come to BU very easy. There have been lots of challenges balancing sports, school, and life, but the community at BU has been very supportive and my experience here has been great.”

# Gulliver Astronomical Observatory is new name for BU's eye on the skies

## Brandon University's observatory has a new name.

The rooftop facility, long a beacon for stargazers in western Manitoba, will now be known as the Gulliver Astronomical Observatory, following a generous \$50,000 donation from the family of BU astronomy professor Dr. Austin Gulliver. The gift will go toward a much-needed upgrade: a modern, computer-controlled dome to match the observatory's state-of-the-art telescope.

"Our telescope was designed to show the wonders of the night sky to students and the public," Gulliver said. "And that's exactly what it's done. We see more than a thousand visitors every year: students, alumni, seniors and MiniU campers. Most of them are blown away. They've never seen anything like it."

At 16 inches in diameter, BU's is the largest publicly accessible telescope in Manitoba and the biggest between Thunder Bay and Calgary. Installed in 2009, thanks to the Dr. Viola Lobodowsky endowment, it replaced an earlier telescope that had been craned onto the roof just after the McMaster building was constructed in 1971.

Dr. Austin Gulliver

Today, visitors often take photos with their smartphones of celestial showstoppers: Saturn's rings, Mars, distant galaxies. But the equipment that makes that possible is at risk. Although the telescope was replaced in 2009, the protective dome was not. Now, it's seriously showing its age.

"The dome is no longer weatherproof," Gulliver explained. "Snow and rain come in when there's bad weather. The telescope has very complicated and expensive electronics, and right now it might be the only one in the world that has to be covered with a tarp just to keep it safe."

Even if the dome were still weatherproof, its other limitations hamper the university's ability to take full advantage of the computerized telescope. Though the telescope can be operated remotely, someone must be on the roof to manually open the dome and monitor the controls.

"It's kind of ironic," Gulliver said. "We have this amazing instrument that can be controlled from anywhere in the world, but you still have to stand there in the wind and cold to open the dome by hand."

Replacing the dome with one that is automated, weather-sealed, and Internet-connected would change that completely. Students, researchers and the public would be able to experience a live view from the telescope just about anywhere, including inside campus classrooms or during public events in the Louis Riel Room.

The cost of a new state-of-the-art dome is estimated at \$150,000 — double the price of the telescope itself. But with \$50,000 already committed by the Gulliver family, Brandon University is inviting additional donations to help close the gap and complete the upgrade.

"When I first arrived at Brandon University, I was pleasantly surprised by how well-established this observatory was," Gulliver recalled. He credited physics professor Wes Wong, his wife Helen Wong, and the Brandon University Women's Auxiliary for conceiving of and funding the original observatory. "It's amazing to think that their vision has lasted more than 50 years. Now it's our turn to invest in its future."

Dr. Austin & Mrs. Gloria Gulliver in front of the dome atop the McMaster building

## Six decades after graduation, this couple is paying it forward

**Anne (née Franklin) and Mitch Taylor grew up in small farming communities in southwestern Manitoba in the 1950s when social life was centred around local country schools connected to larger schools nearby.**

Following their earlier school years, they ended up studying together at Dand Consolidated School (near Deloraine) and later both graduating from Deloraine Collegiate.

For both Mitch and Anne, it was a bold move to enter Brandon College in the fall of 1962. Like most kids from rural farming areas, money was tight and a post-secondary education was considered a luxury. They were both the first in their families to aim for a university education, propelled by not only their own desires but by the dreams and expectations of their folks, and in Anne's case, the determined support of her mother. Mitch's finances were even more precarious than Anne's, but winning several scholarships and bursaries, along with earnings from his early investment in cattle, paid for his first year at college.

"Brandon College was, as Brandon University is now, a thriving, supportive community which made the transition to university life very easy for us young people from small rural communities," Mitch and Anne write. "We were immediately immersed in an exciting world of wide-ranging academic studies, a broad societal mix of people and an atmosphere that encouraged open discussion and mind-broadening challenges. Our academic life was enhanced and enlivened by our participation in the social life of the community, of feeling connected to each other through sports, residence life, student government, clubs, and

Mitch '65 & Anne '65 Taylor

Mitch & Anne in 1965

campus social occasions. That feeling of inclusion and connectedness to the college community, while building on the individual's previous experience in their home community, was, and is, an amazing foundation for a young

**"Our years at Brandon College influenced us forever. We made life-long friendships that we cherish to this day. Our social values were ingrained there."**

person's confidence and ability to explore and test potential areas of interest and make wise choices for the future. We feel so fortunate to have achieved our first degrees at Brandon College where the community was so inclusive and supportive."

They graduated from Brandon College in 1965; Mitch with a Bachelor of Science and Anne with a Bachelor of Arts. They married in 1967 and briefly lived and worked in Ontario and Washington State, but mostly in British Columbia, where they

now reside with their daughters and families living close by. They have travelled often and widely and consider themselves richly blessed.

"There is no question that our years at Brandon College influenced us forever. We made life-long friendships that we cherish to this day. Our social values were ingrained there. We left Brandon wanting to make a difference, wanting to make the world a better place, wanting to help those who for whatever reason were not as lucky as we were."

The Taylors have made a point of staying in touch with BU, attending many Homecomings. Several years ago, the feeling among their classmates inspired the genesis of the Class of '65 Scholarship Fund as a way to help students begin studies at Brandon University. During Homecoming celebrations, September 11-14, 2025, their class will mark the 60<sup>th</sup> Anniversary of their graduation from Brandon College. They encourage their classmates and others to contribute to the Class of '65 Scholarship-Bursary in support of students for whom a university education may be out of reach without financial assistance and to whom they recommend Brandon University as a wonderful place to begin.

# The A.E. McKenzie Legacy Society

The A.E. McKenzie Legacy Society is named in honour of Dr. Albert Edward McKenzie, the first person to leave a legacy gift to Brandon College. Given at the height of the Depression, his contribution saved the College from certain closure. Since then, many others have generously supported Brandon University through gifts in their will, gifts of life insurance, or through other methods of legacy giving. We are pleased to recognize the following members of the A.E. McKenzie Legacy Society.

# Order of the Sheaf

For 125 years,  
Brandon University has received  
an enormous amount of financial  
and volunteer support from  
individuals and organizations.

**We thank you.**

The Order of the Sheaf is an honour society that recognizes those whose financial support has helped to ensure the advancement and quality of higher education at Brandon University.

This year we are pleased to report that 27 new members have been inducted into the Order of the Sheaf and 16 members have advanced to a higher philanthropic level. Membership in the Order of the Sheaf begins automatically when a donor reaches a cumulative gift level of \$1,000 or more. Recognition levels are based on a donor's total contributions to Brandon University.

Donors listed in ***boldface italics*** advanced to a new level of recognition in 2024; those listed in **boldface** indicate that the donor is new to the Order of the Sheaf. Every effort has been made to ensure that this report is accurate and complete. Please report any errors or omissions to the Office of Advancement and Alumni Affairs at 204.727.7374, 1.877.282.4483 or [Advancement@BrandonU.ca](mailto:Advancement@BrandonU.ca).

# Brandon University Office of Advancement & Alumni Affairs

The Office of Advancement & Alumni Affairs serves Brandon University, the Brandon University Alumni Association and the Brandon University Foundation in the pursuit of their respective missions.

The Office of Advancement & Alumni Affairs acts as liaison between the institution and alumni, donors, volunteers and community partners to promote the advancement of Brandon University.

Paige Cuvelier – Development Officer  
Carla Eisler – Director, Advancement & Alumni Affairs  
Shawna English – Development Officer  
Angela Hamm – Office Assistant  
Whitney Strachan – Database & Stewardship Clerk

All dollar amounts and financial information in this report are as at December 31, 2024 unless otherwise specified.
