# Greetings from the Desk of the President

Dr. Louis P. Visentin  
President and Vice-Chancellor

Sometime in the early fall I will be articulating to Brandon University and the extended community the elements of our strategic plan titled SCOPE 2020. In this document I will outline our vision, mission, goals, objectives and strategies for achieving success in the coming years. It will encompass Scholarship and Research, Communications, Outreach, Performance and Accountability, and the Environment. In parallel, I have been working with the Development Office to organize objectives and foci for a University campaign, which will merge with the major elements of SCOPE 2020. Fundamental to our future success is the support and work of the Brandon University Foundation and the Department of Development and Alumni Relations. This year has been focused on Annual Giving, Major Gifts, and Planned Giving. Things have gone

well and we are now ready to move to a new stage. This means mobilizing plans and people for a major campaign. I look forward to working with the Foundation to make this a reality. I know we have a good team in place and dedicated staff to initiate and organize the process.

My first eight months at Brandon University have been an organizational phase. I have initiated a number of changes in governance, communications, administration and recruiting. I have met with many alumni and community leaders throughout southwestern Manitoba, to explain the "NEW BU" approach and SCOPE 2020. I look forward to continuing this level of activity with the larger Brandon University community in order to make our institution "Something Special" in Western Canada and beyond.

## Message from the President of the Brandon University Foundation

Since the last Brandon University Foundation Annual Meeting in May 2000 there has been a great deal of activity. We have had the pleasure of welcoming a new University President and Vice-Chancellor. Our "Success in Mind" scholarship and bursary campaign was received exceptionally well with outstanding results. We have also been delighted with the quality of several new and vibrant members to our Foundation Board.

Throughout my term as Foundation President, I was proud to see the growth that resulted from the collective involvement of our members. Their diligent efforts in working with the Development and Alumni Relations Office have enabled us to develop or enhance many new and existing programs and services at Brandon University. By reaching out to the community, the Foundation's account value has increased to over \$20 million,

with a disbursement value of over \$1 million for 2000, based on our current 6% distribution rate. Nearly \$13 million has been disbursed to the University since the inception of the Foundation.

It should be made clear that the University makes a huge contribution to the culture and the economy of our community. Through their efforts, our volunteers can be proud of an enhanced quality of life across a broad public spectrum.

In short, our Foundation is thriving. Today, we can look ahead to the future without the question of "where do we go from here?" We have a clearly defined direction that includes a renewed Annual Fund, the prestigious Presidents' Circle, and a Planned Giving program.

It is sincerely an honour to be a part of this continued growth.

Ms Dale Severyn  
Foundation President

# The Prairie Dream

*"The sheaf of wheat in the BU crest represents the material blessings harvested from the agricultural origins of southwestern Manitoba"*

In October 1901, the original Brandon College building officially opened with little more than 100 students. Our school's founders, members of the Baptist Convention of Manitoba and the Northwest Territories, wanted to establish a college which would provide a solid, equal liberal arts education to the region's young men and women. Their dream was a facility which offered access to all. In response to the demand for classroom space and residence facilities for women, Clark Hall and an annex, joining the buildings together, opened in 1906.

More than 90 years later, the dreams and commitments of those pioneers of post-secondary education live on at Brandon University, and the buildings from which the University has grown still stand today as the centerpiece of a dynamic, inviting campus. These splendid facilities have grown to serve more than 2,700 students annually in both western Manitoba and northern locations and take in 20 buildings, five faculties, 30 academic departments, and a state-of-the-art library.

## Campus Life

Our provincial slogan "Friendly Manitoba" underscores our focus on people and friendships. With a population of over 40,000, Brandon offers a perfect blend of city excitement and small town hospitality. The University offers many social activities and services such as campus recreation and sports, student council, socials, daycare, bookstore, film festival, free Internet access and student-run lounges and clubs.

Building on core strengths of small class sizes and tenured faculty, Brandon University scored seven top-10 placements in the Maclean's 2000 magazine survey of Primarily Undergraduate universities across Canada.

Brandon University continues to be ranked number one for its small class sizes at the third and fourth year levels. Working closely with professors provides senior students with ideal opportunities to participate directly in original research. This research has been highly recognized by agencies such as the Social Sciences and Humanities Research Council (SSHRC) and the Canada Council, and has earned Brandon University an overall number five ranking in the area of Social Sciences and Humanities grants.

## A Vision For the Future Established from a Solid Foundation of the Past

Universities are recognized by among many things, their visual images. Indeed, the visual identity at Brandon University involves more than replacing old images with new. It is an attempt to ensure that others see us as we see ourselves – a cornerstone in our community delivering the highest quality of education, programming, outreach services and research expertise.

The new visual identity at Brandon University was developed in 1999 and was designed in a way that captures the traditions and strengths of our founders with the collective energy and vision of our members and friends.

**BRANDON  
UNIVERSITY**  
Founded 1899

"The Brandon College building is a credit to our city and province, and thoroughly adapted to the purpose of instruction. The young people of Western Manitoba have in this institution splendid facilities within easy reach."  
1904 Brandon Daily Sun

Brandon University Foundation 2001/2002 Executive Committee (left to right) Dale Severyn, Dahl Cannons, John Macialek, Barbara Bourassa

## Brandon University Foundation Members

### Management Committee

- Ms Dale Severyn, President
- Dr. Louis P. Visentin, Brandon University President & Vice-Chancellor
- Dr. Tom Breneman, Past President
- Mr. John Macialek, Vice-President
- Mr. Dahl Cannons, Treasurer
- Dr. Barbara Bourassa, Secretary
- Dr. Bill Paton, Senate Representative

### DISBURSEMENTS IN 2000

# Order of the Sheaf

**JANUARY 1, 1980 - DECEMBER 31, 2000**

Over the last 100 years Brandon University has been the recipient of an enormous amount of financial and volunteer support. The Order of the Sheaf is the honour society that recognizes those individuals and organizations whose financial contributions and other donations help to ensure quality higher education opportunities for the people of Brandon and rural Manitoba.

Individuals are listed in giving levels based on their accumulated giving to Brandon University. Membership within the Order of the Sheaf Society begins automatically once an individual has contributed \$1,000 or more. Every effort has been made to ensure that this report is as accurate and complete as possible. Please contact the Development and Alumni Relations office at (204) 727-7374 to inform us of any errors or omissions.

+ Honorary Trustee of Brandon University Foundation

\* Past President of Brandon University Foundation

*Names in bold indicate that the individual or organization is new to the Order of the Sheaf, or has advanced from one giving level to another.*

# Development Programs

## Presidents' Circle

Annual support from Brandon University alumni, faculty and friends has ensured that the quality of our programs and institution will live on to support each new generation of students who enter our doors. It is a tribute not only to the generosity of our supporters but also to the history of our campus.

Today, our vision for the future continues with the establishment of the Brandon University Foundation Presidents' Circle. This category of our Order of the Sheaf has been named after our University and Foundation Presidents and recognizes annual contributions of \$1,000 or more towards the enhancement of projects, and/or academic initiatives on campus. Contributions to the Presidents' Circle will provide essential funding for:

- Annual operational support to fund necessary academic programs and student services;
- Ongoing funding to ensure that library acquisition materials are kept up-to-date, including the purchase of new journals and books and the renewal of existing subscriptions;
- Enhancement and upgrading of software and technical support in the student computer lab;
- Funding to assist in the development of student travel programs; and
- Scholarship and bursary support to attract and retain students at Brandon University.

## J.R.C. Evans Emergency Loan

The purpose of the J.R.C. Evans Memorial Loan Fund is to provide short-term emergency financial assistance to full-time students at Brandon University. This loan is not to be used to pay tuition or to purchase books. Funds are advanced on an

interest free basis for a maximum period of six months with the maximum loan amount being \$400. The J.R.C. Evans Memorial Loan Fund is a source of financing of last resort to meet an emergency situation related to a student's academic pursuits. Over the years donations have been made by alumni, faculty and private citizens. There were a total of 51 new loans issued to students from April 1, 2000 to March 31, 2001 with a total dollar value of \$20,275.

## Planned Giving

A Planned Gift is a charitable donation arranged during a donor's lifetime, but not available to Brandon University until sometime in the future.

Combined with estate and tax planning, Planned Gifts can maintain the value of your estate for loved ones while allowing you to make a gift to Brandon University without affecting your current lifestyle.

You can make a difference by creating or strengthening endowments for scholarships and bursaries, research, library resources, or building improvements.

### Planned Giving Expectancies (as at April 2001)

Life Insurance	235,732.
Bequests	2,105,000.
<b>TOTAL</b>	<b>\$2,340,732.</b>

## GIFTS IN KIND

### Courtney Milne's "The Goddess Portfolio" Finds a Home at Brandon University

In December 2000, *The Goddess Portfolio*, a collection of 100 photographs by Canadian photographer Courtney Milne, found a home at Brandon University through the thoughtful consideration of a generous donor.

The University has the most complete, most significant bodies of work of this internationally known prairie photographer.

## Annual Fund

The following represents departmental areas, or funds, which were generously enhanced through the contributions of patrons in response to our 2000 Annual Fund Appeal. Every effort has been made to ensure that this list is as accurate and complete as possible. Please contact the Development and Alumni Relations Office at (204) 727-7374 to inform us of any errors or omissions. We thank all alumni and friends for their support and contribution to its success!

### Departmental Area or Fund is followed by total contributions

Charlotte Marie Kennedy Memorial Scholarship \$500.00  
 Mildred McMurray Memorial Prize \$50.00 Annual Fund Drive \$20,185.39<sup>1</sup> Athletics Endowment \$50.00

# Success in Mind Campaign

*"The antique lantern on the BU crest symbolizes eternal light, life, divinity, wisdom and intellect – all of which are timeless beliefs rooted in the University's mission."*

## Campaign a Success!

As of December 31, 2000, Campaign Chairman Dr. Don Penny and fellow Campaign Cabinet members raised \$3,049,995.51 from private sources for scholarship/bursary endowments and research initiatives. Funds raised were matched dollar for dollar by the University through its allocation from the Manitoba Scholarships and Bursaries Initiative, and through other sources. With the matching funds, a total of over \$6.4 million was added

*Success in Mind Campaign!*

The Spirit of a New Century

to BU's scholarship and bursary endowments. With the new funds, approximately \$600,000 will be available every year from the interest on

the endowments, doubling what was previously available for student awards.

## Generosity of Students Saluted by BU Campaign Chair

On April 19th, 2000 Brandon University students agreed to make a major contribution – expected to total over \$330,000 in the next three years – to the Success in Mind fundraising campaign. Campaign Chair, Dr. Don Penny, said he was “absolutely delighted at the students’ commitment and foresight.”

The student's contribution, when matched under the Manitoba Scholarships and Bursaries Initiative (MSBI), will create a pool of well over \$600,000 towards the establishment of bursaries on campus. Half of the capital in this pool will be capitalized into an endowment

and expensed at a rate of 6% per year, funding in perpetuity 35 – 40 bursaries of \$500 each. The other half of the pool will be expensed directly each year, creating an additional 200 or more \$500 annual bursaries to assist students in financial need.

## Brandon University Faculty Association Supports Student Scholarships at BU

In the true tradition of faculty helping students, the Brandon University Faculty Association (BUFA) made a substantial contribution to student scholarships by donating \$30,000 toward the Brandon University Faculty Association Scholarship Fund. The Fund will generate six awards of \$600 to be given annually to a student in

each of the Faculties of Arts, Science, and Education, the Schools of Health Studies and Music, as well as the General Studies Program.

## Agrium Endowment for BU Students

Agrium Inc., a major producer of fertilizer and related agricultural products, significantly enhanced the future of Brandon University students through their donation of \$30,000 to create two \$1800 bursaries for students enrolled in Rural Development and pre-professional programs at Brandon University. This gift was matched with funds from the province under the Manitoba Scholarships and Bursaries Initiative (MSBI), creating a total endowment of \$60,000.

## Monsanto Creates Scholarship for Pre-Agriculture Students

The students in Brandon University's Pre-Agriculture program will benefit, in perpetuity, through the community-minded generosity of Monsanto Canada. Their contribution of \$25,000, which when matched by the province of Manitoba through its Manitoba Scholarships and Bursaries

Initiative (MSBI), will create a \$50,000 endowment. The fund will generate interest, a portion of which will go toward three \$1,000 student awards each year, beginning in September 2002.

## Metis Students to Benefit from Generosity of Louis Riel Institute

The Manitoba Metis Federation, through the Louis Riel Institute, will be instrumental in furthering the educational and career ambitions of Metis students, through their donation of \$100,000 towards the establishment of bursaries at Brandon University. With this donation, the Institute has invested \$325,000 since 1999 in scholarships and bursaries for the education of Metis students at Brandon University.

## Hutterians Show Strong Support for Education

The Manitoba Hutterian Community has generously created one of the largest endowments of the recent Success in Mind Campaign. Their \$250,000 commitment is testimony to their belief in quality education and is a strong endorsement of the success of the Hutterian Education Project (BUHEP).

The BUHEP program has been tailored to the specific needs of its participants. The location and timing of the program has been adapted to fit the cultural needs of the Hutterian Community. In fact, one third of the course load is taught directly on the colonies to ensure that student needs and Hutterian family values are honoured.

Perhaps one of the greatest strengths of the BUHEP program is the preparation of Hutterite students to contribute and to lead within their own communities.

# Research Infrastructure

*"The two opened books on the BU crest represent the learning and arts of mankind. They underscore our commitment to teaching, research and community service."*

Brandon University is committed to the development and enhancement of research infrastructure. Our faculty members have discovered new cash crops that suit our climate and growing conditions, studied and made recommendations on community mental health services, and explored ways of preserving and reconstructing original land cover. As an institution, we are poised to utilize our academic resources in the pursuit of research that is relevant to our region and to our institutional mandate.

In keeping with our commitment to developing our research programs, Brandon University has recently attracted a number of energetic academics with a wide variety of research interests and strengths. Not only does this provide opportunities for community and industry partnerships in the future, it also gives students a chance to participate first hand in ground-breaking projects under the guidance of some of our country's leading experts in their fields.

## New Resources Geology Lab

**Tundra Oil and Gas Ltd.** provided a \$75,000 gift toward research of sedimentology and reservoir geology of oil-bearing horizons in the sub-surface of the Manitoba portion of the Williston Basin. The

project involves studying well, core and production data from oil producing petroleum fields. Brandon University also received a \$10,000 US gift by **TANCO (Tantalum Mining Corporation of Canada Limited)**, through its parent company Cabot Corporation of Boston.

The Tundra Oil and TANCO funds will be used to refit a new mining and petroleum geology lab. Their contributions will be part of an application to the Canada Foundation for Innovation and the Manitoba Innovation Fund. In total, \$327,476.00 will support the lab's infrastructure costs.

## Agrico Canada Supports Research

**Agrico Canada Limited**, one of Canada's original and leading fertilizer companies, significantly enhanced Brandon University research initiatives with a generous contribution of \$15,000.

Funding provided by Agrico Canada Limited will also be matched on a four-to-one basis through the Canada Foundation for Innovation (CFI) program and the Manitoba Innovation Fund.

## Foundation Awards

DEDICATED TO ENSURING THAT THE VISION BECOMES A REALITY

The **Apex and Outstanding Volunteer Fundraiser Awards** annually recognize two individuals who have demonstrated outstanding service to the Foundation. Past recipients of these awards have been:

### Apex Award Recipients

1999	Dr. Jack Perkins
1999	Dr. Robert Beamish
2000	Dr. Don H. Penny

### Outstanding Volunteer Fundraiser Award

1999	Mr. Ron Bell
2000	Mr. Ernie Shaw

*The Brandon University Foundation was incorporated in 1980 with a mission to promote the advancement of higher education at Brandon University and to improve the quality of its facilities and activities.*

## Development and Alumni Relations Office

The Department of Development and Alumni Relations serves Brandon University, The Brandon University Alumni Association (BUAA) and the Brandon University Foundation in the pursuit of their prospective missions. The office of Development and Alumni Relations liaises with Brandon University's 20,000 alumni, numerous volunteers and community partners to promote the advancement of the institution.

Mr. T. Keith Edmunds, Alumni Officer  
 Mrs. Sharon Fordyce, Assistant to the Director  
 Ms Stacey Harper, Receipting Clerk  
 Ms Beth Proven, Director of Development and Alumni Relations  
 Ms Heather Thompson, Development Officer  
 Ms Cindy Yacyshen, Development Officer

**BRANDON UNIVERSITY**  
 Founded 1899
