

Onboarding your iOS device using the BU Connect Portal

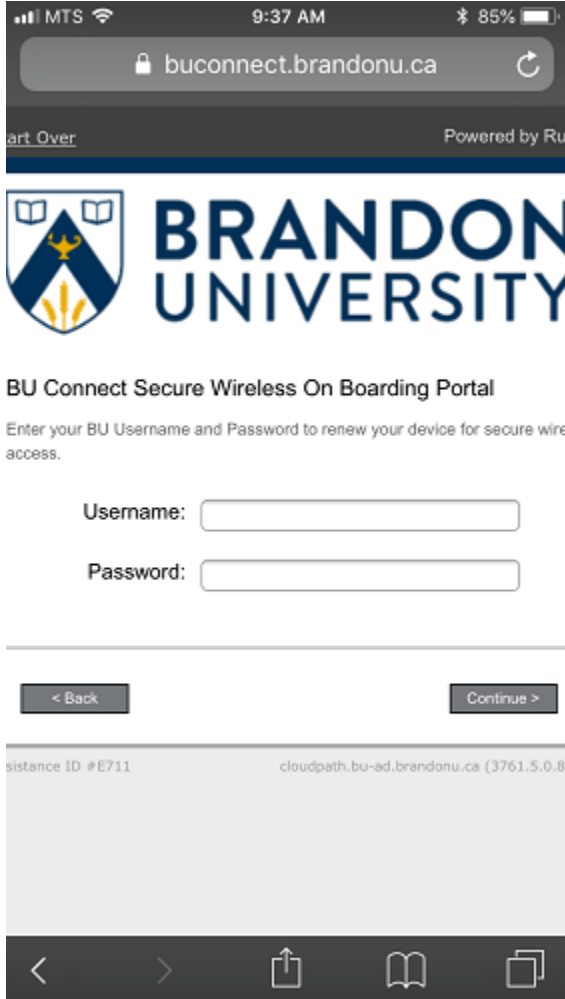

- Connect your iOS device to any internet connection then open a web browser and go to the URL buconnect.brandonu.ca. Accept the Terms & Conditions and click Start.

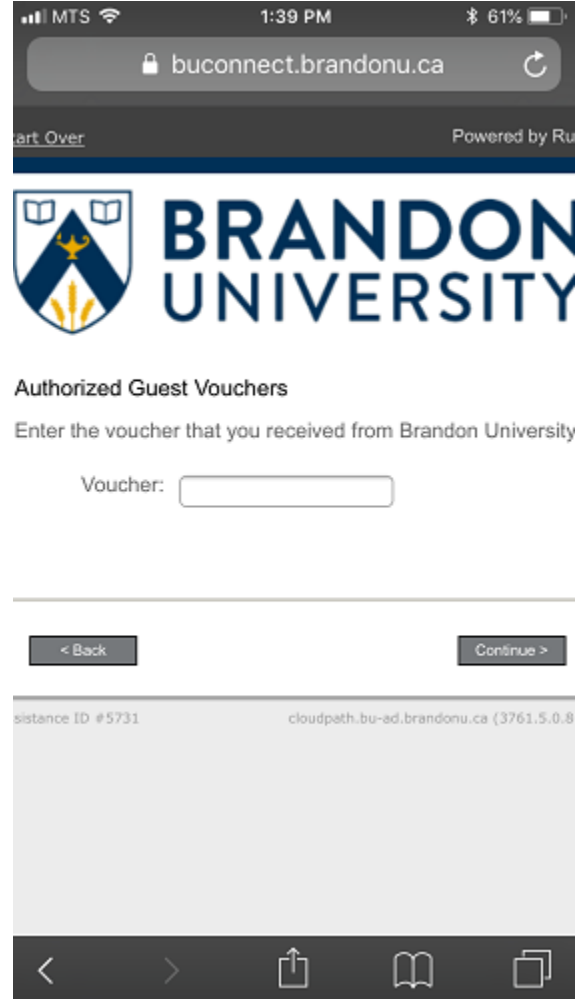

- If you are Students, Staff, or Faculty, select the Students, Faculty, or Staff option.
- If you are an Authorized Guest of Brandon University Select Authorized Guests.

- If you selected Students, Staff, or Faculty you will be prompted to enter your BU Username and Password.
- If you selected Authorized Guests you will be prompted for your Voucher Code.
 - o Your Voucher Code will be 5 Upper Case letters.

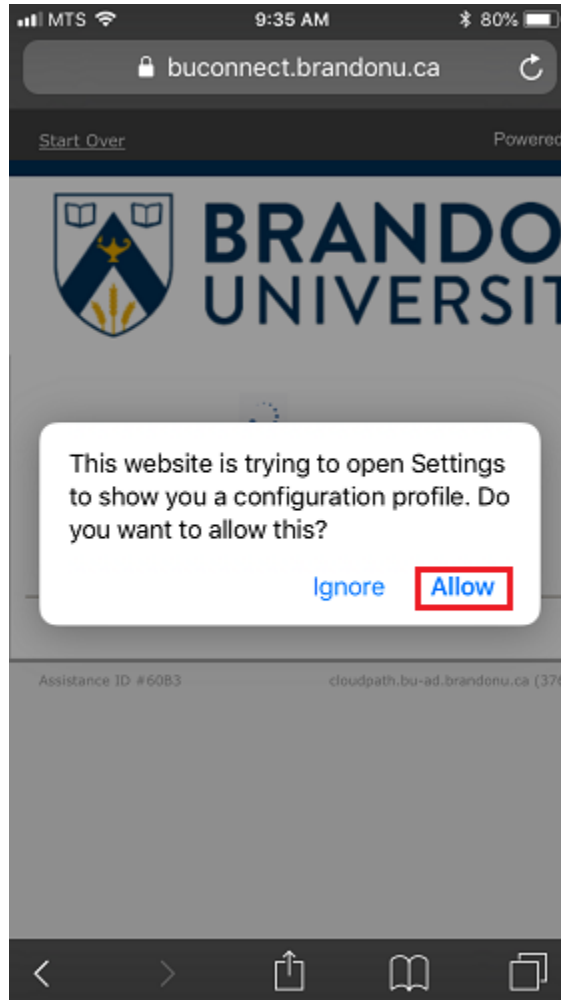

Students, Staff, or Faculty

Authorized Guests

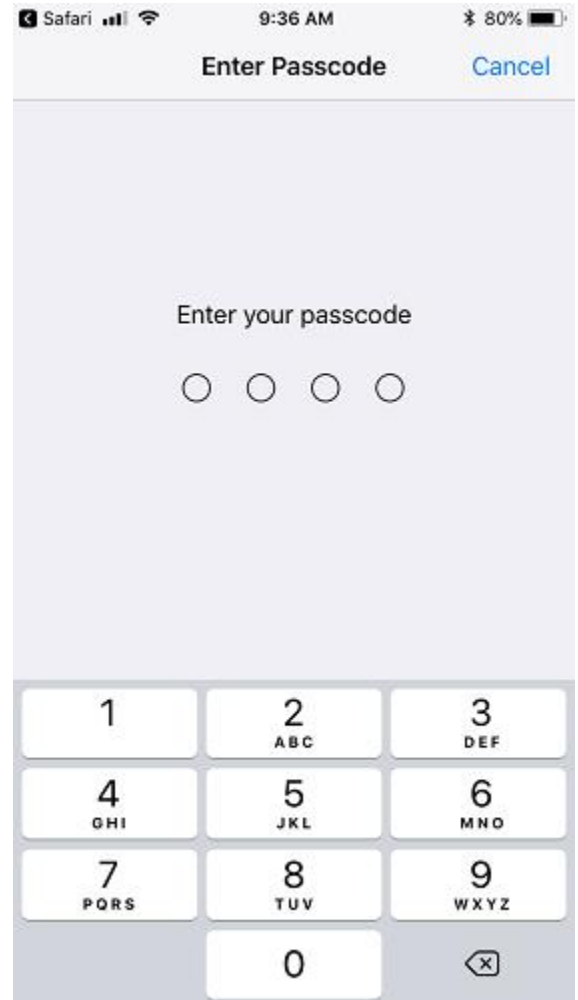

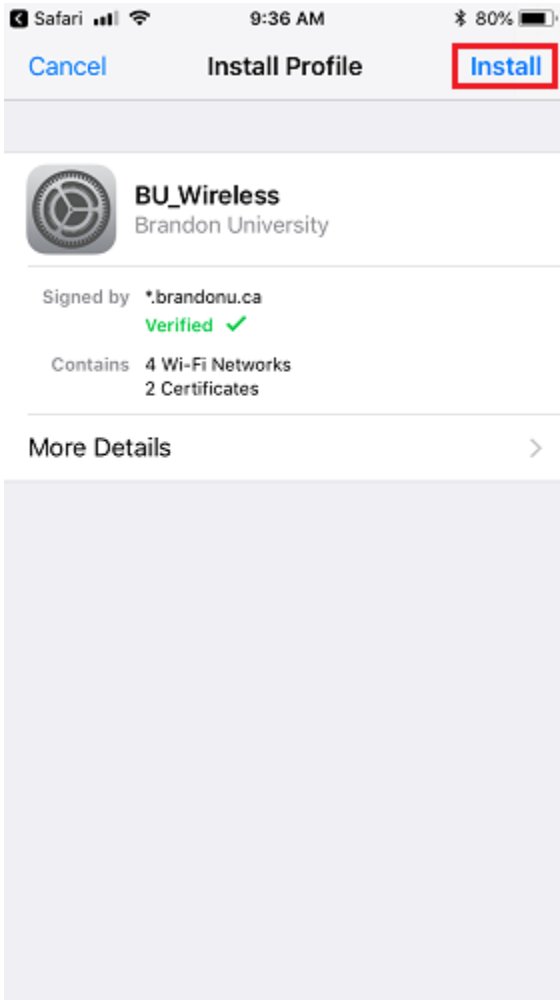

- When you have been successfully authorized, you will be prompted to Allow the configuration to open the settings screen on your phone. Click Allow to proceed.

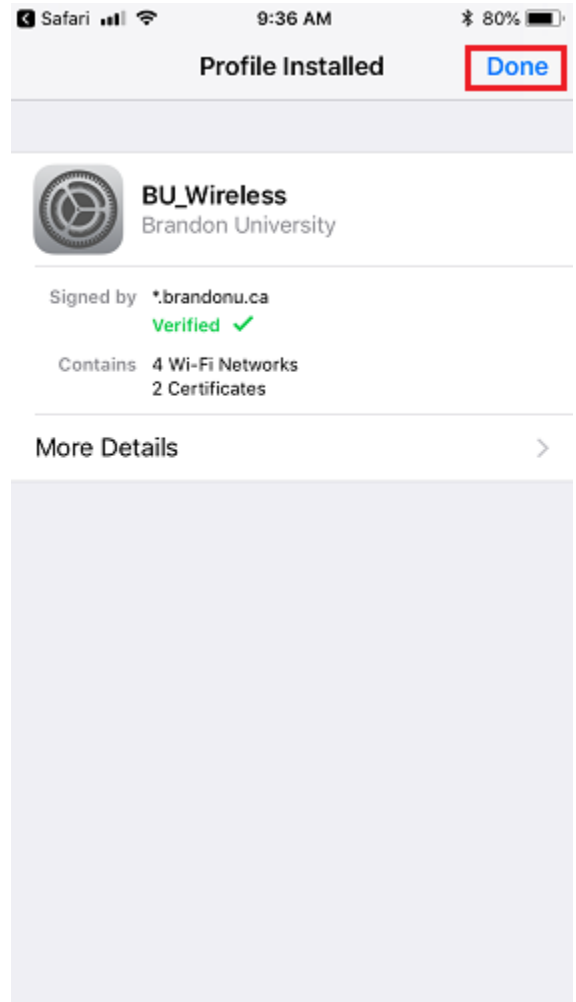

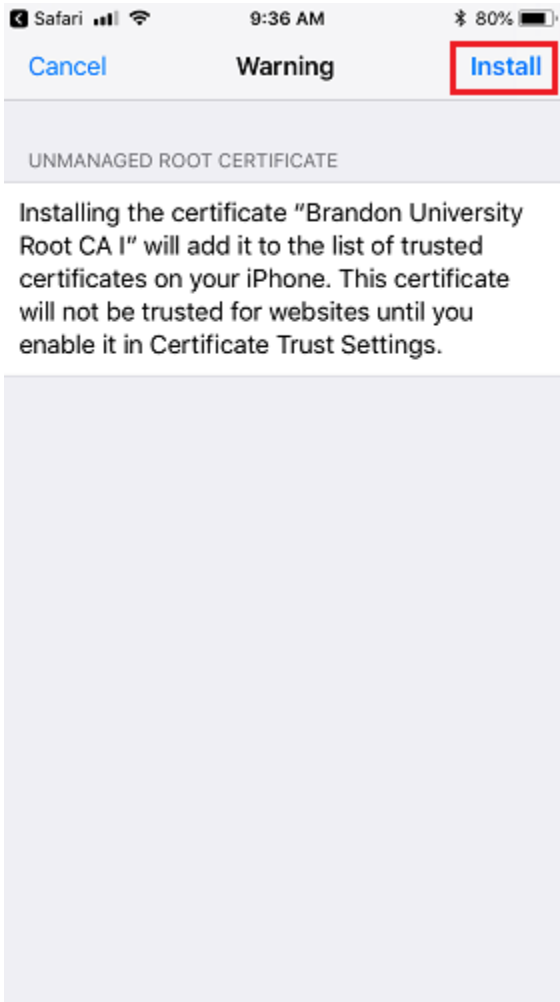

- Once it has been downloaded, you will have to go to your device settings and look for the profile that has been downloaded, which will appear at the top of the page.

Once you click on “Profile Downloaded”, you are then prompted to install a new Profile on your phone. Click Install in the top right corner. If you have a passcode, you will be prompted to enter it to continue.

- You will be prompted to approve the install for a Certificate provided by Brandon University. Click Install in the top right corner. At this point you will have successfully installed the Secure Wireless Profile. Click Done on the next prompt and you will be taken back to your web browser.

- The web browser will show you the next steps to connect to the Secure Wireless Network. Go back to your WIFI settings and select the BU_Wireless SSID. You will then be connected to the Secure Wireless Network.
 - o If you are configuring your device off campus, your device will connect automatically to the secure wireless network when you arrive on campus.
