

**Memorandum of Agreement
Between Brandon University and the Brandon University Faculty Association
Re: Supervision of Field Experience in the PENT Program**

Whereas the second paragraph of Article 9.5.a.iii of the Collective Agreement, amended by an MOA agreed to and signed by the Parties on December 9, 2015, describes the workload allocated for the supervision of field experience courses in the Faculties of Music and Education, and whereas the Parties agree that this language does not reasonably apply to the unique field experience model that exists within the PENT program, the Parties agree to the addition of the following paragraph:

In the PENT program, the supervision of the field experience of one (1) student, for each week that the student is evaluated by the field experience supervisor plus one additional week to complete other substantive work, equals 0.08 of one (1) credit hour per week, if the supervision requires traveling beyond 100 kms to observe students in the field, and 0.04 of one (1) credit hour for all other instances if the supervision is assigned by the Office of Field Experience to which the member is responsible.

All contracts for the supervision of field experience in the PENT program issued after the Winter 2015-16 term will comply with this language.
