

Memorandum of Agreement

Right of First Refusal for Field Experience in Education

Whereas the Parties agree the current RFR language is insufficient to adequately describe the unique circumstances of the Education Field Experience course.

The Parties agree to modify the RFR language for Education Field Experience as follows and add it to the end of 7.15 (c)

In Field Experience Courses in Education RFR will be earned for Early Years (EY), Middle Years (MY), and subject specific upper year placements, as if each were treated as a separate course. Likewise, RFR will be earned for specific geographic locations. For example, a member might have RFR for EY in Dauphin or RFR for Math in Brandon. If more than one member holds RFR for a given Field Experience placement the seniority rules 7.15 (c) third paragraph will apply.
