

Memorandum of Agreement

Term Conversion for Continuing Appointments

Whereas the Parties agree that there is an oversight in the types of positions that may open for which a term conversion could occur;

The Parties agree to modify the language of Article 7.4 Term Appointments as follows:

7.4 Term Appointments

In the instance of an opening for a term, tenure-track **or continuing** position currently held by a Member on a term appointment, the President, upon recommendation of the appropriate Dean/Director and Department may offer the position to the incumbent, negating the process outlined in Article 7.1. Members re-appointed in this manner cannot have their ranks changed as part of the terms of their new contract. To obtain promotion, they must go through the promotion procedures.
