BRANDON UNIVERSITY FACULTY OF HEALTH STUDIES

Subject: Residency Requirement Date: November 29, 2010

Program: Master of Psychiatric Nursing Revised: December 15, 2022

Approved at HS Faculty Council:

February 27, 2023

A minimum of 21 credit hours must be awarded by Brandon University in order to satisfy residency requirements for the Master of Psychiatric Nursing (MPN) program. Course credit obtained through other universities and / or through Prior Learning Assessment may not exceed 12 credit hours.

Courses are delivered online. In person attendance is mandatory at the on-campus orientation session held annually in August, for ALL new students admitted to the MPN program. Returning students are also required to attend one additional on-campus session prior to registering for Advanced Readings 75.656. In the event that Public Health regulations restrict in person activities all sessions will be offered virtually.
