

# Instructions

## Room 1-57

**Use Audio:** In the cabinet, turn on both Stereos and turn the output button to your preferred device.

**Use Audio on laptop:** Connect the Audio cable to the laptop. The Audio cable, marked with a **Red** tape, can be found to the right side of the monitor.

**Use Projector on laptop:** Connect the VGA cable, marked with a **Yellow** tape on right side of the monitor, to the laptop. If laptop does not have a VGI port, connect VGA cable via HDMI adapter (if available).

**Please note:** If you are having trouble connecting to the computer or other equipment, please contact the Help Desk at (204) 571-8500 or [helpdesk@brandonu.ca](mailto:helpdesk@brandonu.ca). Mac users may need to ensure that specific device drivers are up-to-date.
