RE: Westman Soybean Processing Facility Project

Riverdale Community Development Corporation is pleased to support the Westman Opportunities Leadership Group and their efforts with the Westman Soybean Processing Facility Project.

We share the belief that Western Manitoba offers the best opportunity for a world scale soybean processing facility. We also believe that we have a strong leadership group and feel confident in their skills and knowledge, and thankful for their efforts toward this project.

Should you require anything further, please feel free to contact the municipal office.

Yours truly,

Ken Tait
Chair
