

## Science Seminar Series

Preliminary sequence of seminars: 2nd Term 2017-2018

Unless otherwise advised ALL talks are at 4:30pm on a Friday in Room BB 4-47

12 Jan	<b>Dr. Stefanie LaZerte</b> <i>steffilazerte.ca</i>	<i>Singing through the noise: How chickadees compensate for effects of noise on communication</i>
19 Jan	<i>No talk scheduled</i>	
26 Jan	<b>Christopher West</b> <i>University of Saskatchewan</i>	<i>The early Eocene polar forests of Ellesmere Island: Climate &amp; Diversity</i>
2 Feb	<b>Kathryn Barr</b> <i>MELS Student Progress Talk</i>	<i>Impact of browsing after burning on aspen encroachment and litter decomposition</i>
Thursday, 8 Feb	<b>Dr. Mark Skinner</b> <i>Trent University</i>	<i>Sustainable rural communities in an era of population change</i>
16 Feb	<b>Dr. Jephian Lin</b> <i>University of Victoria</i>	<i>Zero forcing and its applications</i>
23 Feb	<i>No talk scheduled</i>	
2 Mar	<b>Dr. Chris Weibe</b> <i>University of Winnipeg</i>	<i>Confinement of magnetic monopole quasiparticles in a quantum spin ice</i>
Wednesday, 7 Mar	<b>Dr. Jennifer Galloway</b> <i>GSC/University of Calgary</i>	<i>Organic matter control on the distribution of arsenic in lake sediments impacted by ~65 years of gold ore processing in subarctic Canada</i>
16 Mar	<i>No talk scheduled</i>	
23 Mar	<b>Dr. Sean McKenna</b> <i>University of Manitoba</i>	<i>Investigations into a long non-coding RNA critical for cancer cell survival and proliferation</i>
30 Mar	<i>No talk scheduled</i>	
Monday, 9 Apr	<b>Dr. Anuraag Shrivastav</b> <i>University of Winnipeg</i>	<i>Bench to Bedside: Cancer Biomarkers Development and Commercialization Roadmap</i> <b>*2:00 p.m.-3:00 p.m. in Brodie Building Rm 3-47</b>
13 Apr	<b>MELS Students</b>	<i>Progress Talks TBA</i>
16 Apr	<b>MELS Students</b>	<i>Progress Talks TBA</i>
